CIW-CREATIVE IMAGE WORKS949-809-2145
18500 Von Karman Ave # 100
Irvine, CA 92612
www.ciw.com

CIW - Creative Image Works, Inc. develops custom marketing and training communications that inspire, instruct, and move people to action. Whether its Web based, video, print, or instructor-led content, our core business philosophy, on time, on budget, and exceeding your expectations every time, has guided every project we've undertaken since 1991.

IGNITE TECHNOLOGIES.972-348-6471
3211 Internet Blvd.
Suite 300
Frisco, TX 75034
www.ignitetech.com
info@ignitetech.com

Quick-service restaurants depend on a rapid pace and superior customer service to gain a competitive edge.

The Ignite Content Delivery Solution has been deployed at some of the world's largest quick-service businesses to manage their dedicated learning PCs in each restaurant and to distribute digital training materials.

Ignite is an ideal fit for this industry because the Ignite solution reduces costs while increasing software delivery, training, and communication effectiveness.

Most importantly, Ignite offers faster, more secure ways to distribute and track content - regardless of restaurants' network connectivity.

Finding bad apples has never been easier.

Gulfcoast's Loss Prevention Software Suite saves time, saves money, and saves your sanity.

Gulfcoast Storekeeper's™ customizable, flexible and versatile **Loss Prevention Suite** uncovers cash register fraud and undesirable activity immediately, instead of hours, days or weeks later.

Gulfcoast is the industry innovator, with solutions that are truly plug and play. Our DVR's and integrated local/remote loss prevention software suite integrates seamlessly with major POS systems, and virtually any other data generating device including: smart safes, IP cameras, money order machines, time clocks, tank monitors, access control, alarm systems, power management systems and more.

Why is Gulfcoast the best choice for your retail solution? It works better. Our software acquires and standardizes data from multiple devices in realtime and lets you create and save rules that protect your operation. When rules are violated or exceptions generated, alerts are broadcast immediately to designated local and corporate staff for action.

The Gulfcoast Loss Prevention Software Suite Provides:

- Intelligent exception-based data mining identifies operational issues across your entire retail chain - with unmatched ease.
- Real-time cash-management monitoring is instantly accessible at multiple levels: store, region, corporate.
- Intuitive electronic journaling - saves time when searching and reviewing events.
- Integrated local and remote playback software for browsing data, video, and audio.
- Extensive print reporting capabilities.
- Nationwide hardware, software, and dealer support featuring 24-hour hot swap replacement guarantee.
- Competitive pricing with accelerated ROI.

Gulfcoast's state-of-the-art Digital Video and Data Recorders feature best in class video compression and remote view technologies. Add the innovative spirit of our team, and our first to market reputation, and the decision to choose Gulfcoast has never been easier. Visit our booth at the NACS Expo and learn first-hand.

PCMS - Vision BeanStore "100% Java" POS Software, see us today for our fresh perspective on POS. Built to address the requirements of today's Quick Service, Table Service and Retail chain leaders. We are lowering the cost of chain-wide POS solutions.

imagine...

a high tech team

Self Order Kiosks

Since the ATM revolutionized banking in the 80's, America has experienced a consistent cultural trend toward self-service. Imagine life without pay at the pump, self-service airline check-in, or self-service check out at Home Depot and major grocery store chains.

Now, the Quick Serve and Fast Casual restaurant sectors are rapidly deploying self-service ordering systems. Benefits include elimination of lines, increased upsell, improved throughput, and reduced labor issues.

DIGITAL MENU BOARDS

Digital Menu Boards

As the cost of plasma and LCD displays continue to drop, savvy business owners have recognized the advantages of Digital Menu Boards. The ability to update advertisements, prices, and other digital media dynamically and at zero cost provides business owners in retail, food service, and other verticals with unprecedented flexibility and competitive advantages.

Online Ordering

Online Ordering provides a means for customers to order whenever and wherever most convenient. Easily manage pick up, delivery, and large catering orders on your timeline. NEXTEP's leading user interfaces, multiple order delivery methods, and web based administration make it the leading Online Ordering Solution available.

For over a decade, thousands of hospitality businesses have relied on advanced kitchen software and hardware from QSR Automations to enhance operations, reduce costs, and improve guest satisfaction. Today, QSR offers a kitchen technology choice for every operation and budget.

Built to thrive in the harshest kitchens, QSR's purpose-built controllers - with multiple operating system choices - offer a superior architecture, high reliability, and ease of implementation and maintenance. Our durable twenty-key bump bar comes with a unique three-year warranty and ensures you can easily change overlays. QSR's hardware runs with our kitchen software applications, as well as third party applications. When the QSR hardware is used in conjunction with one of our robust kitchen software offerings, there is no solution on the market as powerful and cost-effective.

242 Young St Waterloo AUS
Sydney, AU 2017
www.coatessignco.com
sales@coatessignco.com.au

Coates Signco Pty Ltd is an innovative Australian company that has been supplying menuboards and signage to key players in the QSR industry since 1963.

Our manufacturing of large volume orders in China ensures competitive pricing and capacity to meet demand. The Coates Rollerboard™ is a two or three sided menu system featuring a stylish curved face and available in a variety of sizes. The Rollerboard range includes designs suitable for Drive-Thru and in store POP usage. The Coates Rollerboard system is modular (with support brackets that can accommodate an LCD screen), simple to operate / maintain and enjoys high level energy efficiency. With the Coates Rollerboard you can now easily day part your menu and maximise your merchandising opportunities. Coates Signco has been exporting to a range of international markets for over ten years.

TABASCO®

601 Poydras Street, Suite 1815
New Orleans, LA 70130
www.TABASCOfoodservice.com

Meet the entire TABASCO Family
of Flavors....

Each flavor has the back-of-house versatility to liven up the taste of virtually any menu item. Due to its traditional three-year aging process and consistency, TABASCO brand Pepper Sauce is a sign of quality you can place on your tables with confidence. You'll find exactly the flavor and heat level you want in the TABASCO Family of Flavors--Original Red, Habanero, Chipotle, Garlic, Green Jalapeno and the newest member of the family SWEET & Spicy.

mdarezzo@ckr.com

Over the last 65 years Carl's Jr.® has built a reputation as America's premier burger chain, and is known as the place to go for big, juicy, delicious charbroiled burgers. Today, there are more than 1,100 Carl's Jr.® restaurants worldwide, with more than 300 dual-branded Carl's Jr.® / Green Burrito® restaurants.

Carl's Jr.® is focused on constant innovation and a desire to satisfy the tastes of young, hungry consumers through its premium menu and edgy, memorable advertising. Carl's Jr.® is known for introducing the 100% Black Angus Beef Six Dollar Burger® line, the first sit down restaurant style burgers in the quick service industry. Available in a total of six craveable varieties, these gourmet burgers are complemented by the chain's best-in-class Hand-Scooped Ice Cream Shakes & Malts.

U.S. manufacturer and direct supplier of the value priced SureStack™ Dunnage Rack. The innovative stacking feature provides for corner stability that saves storage space by keeping racks safely stacked when not in use. The arch design adds strength and maximum weight capabilities. Forte Dunnage Racks are NSF certified, USDA/FDA polyethylene plastic material approved, and are available in four standard sizes widely used by the food service industry. Forte Racks are the proper storage equipment to ensure the safety of your products and prevent contamination. Unlike aluminum racks, Forte products won't rust or corrode if exposed to food acids. Use in backrooms, food preparation and transport, receiving docks, coolers and freezers.

Frymaster, LLC an Enodis company, is one of the world's leading manufacturers of commercial fryers for the foodservice industry. The company offers a complete line of Frymaster® and Dean® fryers, both gas and electric. For over 70 years, Frymaster has been providing premium equipment and world-class service to operators. And the industry agrees as Frymaster, LLC was voted Best in Class in the fryer segment for the eighth consecutive year by Foodservice Equipment & Supplies magazine. Frymaster's technological innovation is driven by our Customer at the Core™ philosophy, continually pushing equipment performance to higher levels to achieve operating efficiencies, produce high-quality foods and return outstanding value to operators. In addition to our industry-leading fryers, Frymaster manufactures commercial fryer filtration equipment (both built-in and portable), foodservice equipment computers, water-bath rethermalizers and pasta cookers. All Frymaster commercial kitchen products are backed by the Enodis STAR® Service program, providing unparalleled service to operators worldwide.

As the world's largest manufacturer of ice systems, with more than 300 models of ice machines, storage bins and ice and water dispensers, Scotsman is dedicated to developing today's most promising smart technologies. In the past five years, the company has been honored by a variety of third parties for excellence in achieving these goals. The Prodigy™ cuber was one of the National Restaurant Association's 2007 Kitchen Innovation winners; a finalist for the prestigious Product of the Year Award from the Foodservice Consultants Society International (FCSI) in 2006 and 2007; and was named the best new equipment product at the 2006 Western Foodservice Expo.

Twice in the last four years, Scotsman has been recognized as one of the Top 25 Best Plants in the U.S. by IndustryWeek magazine and, in September 2006, was named one of the Top 10 Best Plants by the magazine. Scotsman was also recognized by the College of Business at Utah State University as a 2006 finalist for the prestigious Shingo Prize. For more information, visit www.scotsman-ice.com.

Created in 1936, "CHICKEN IN THE ROUGH" is "THE WORLD'S ORIGINAL" Food Service and Fried Chicken Franchise, Licensing and Signature "Fried Chicken Menu Marketing Concept". Promoting "CHICKEN IN THE ROUGH" in addition to a restaurant's existing menu service is intended to STOP those customers who patronize your restaurant for breakfast, lunch and / or dinner yet, continue passing by your restaurant's doors, when they need to satisfy their fried chicken cravings and needs. Won't continue to happen, when you serve them what they really want, and that's "Chicken In The Rough".
